02/09/2015	<u>84</u>	ORDER on <u>74</u> Joint Motion for Determination of Discovery Dispute. The Court grants Samsung's motion to compel the production of the deposition transcripts of the four named inventors of the patents-in-suit who were deposed in Genius – Hsiang Chi Tang, Tsung Han Tsai, Hsuan Huang, and Chun-Shan Chen. The Court denies Samsung's motion to compel the production of documents responsive to RFP No. 21 other than the four Genius depositions transcripts from the inventors of the patents-in-suit. Notably, however, the Court is not ordering the production of documents responsive to RFP Nos. 17 and 20 at this time, based on Largan's representation that all responsive documents are stored on shared systems and thus subject to the ESI Order. Therefore, in this Order, the Court merely finds that RFP Nos. 17 and 20, as modified by the Court, seek relevant documents. The Court urges the parties to meet and as to these Requests and resolve their disagreement regarding the production of responsive documents without seeking further court intervention.
